3D point cloud data processing with machine learning for ...

1/1/2022 · A classification tree is a predictive algorithm that explains how a target variable's values can be predicted based on the input values. The primitive proposed classification trees method develops one decision tree, a flowchart-like structure, based on the input training data to perform the classification task.

Machine learning in plant science and plant breeding ...

22/1/2021 · Introduction. In many disciplines in modern plant research, the study of genomes and genotypes plays a central role. The DNA sequencing revolution has allowed us to determine the full genomes of many plants, including model organisms such as *Arabidopsis thaliana*, scientifically interesting species of flowering plants, trees, algae and mosses, and ...
