## **Cold War - Wikipedia**

The Cold War was a period of geopolitical tension between the United States and the Soviet Union and their respective allies, the Western Bloc and the Eastern Bloc, which began following World War II. Historians do not fully agree on its starting and ending points, but the period is generally considered to span the 1947 Truman Doctrine (12 March 1947) to the 1991 Dissolution of the

Cold War ...**

The study of political institutions is integral to the study

of democratization because institutions constitute and sustain democracies: 2 as Scarritt and Mozaffar succinctly summarize, “to craft democracies is to craft institutions” (1996:3). Perhaps most important for newly democratizing countries is the way that institutions shape the choices available to political actors.

## **Preface - U.S. History | OpenStax**

For example, chapters 9, 11, and 12 look at economic, political, social, and cultural developments during the first half of the eighteenth century in the North, West, and South respectively, while chapters 18 to 20 closely examine industrialization, urbanization, and politics in the period after Reconstruction.
