Communication protocol - Wikipedia

Communicating systems History. One of the first uses of the term protocol in a data-commutation context occurs in a memorandum entitled A Protocol for Use in the NPL Data Communications Network written by Roger Scantlebury and Keith Bartlett in April 1967.. On the ARPANET, the starting point for host-to-host communication in 1969 was the 1822 protocol, which defined the transmission of ...

This allows for a dynamic change of the number of coscheduled devices in the case of multi-user MIMO. In the case of spatial multiplexing (also known as single-user MIMO) of multiple layers for the same device, the same approach is used—each layer leaves resource

elements corresponding to another CDM group intended for the same device unused.
