### **Orbitofrontal cortex - Wikipedia**

The orbitofrontal cortex (OFC) is a prefrontal cortex region in the frontal lobes of the brain which is involved in the cognitive process of decision-making. In non-human primates it consists of the association cortex areas Brodmann area 11, 12 and 13; in humans it consists of Brodmann area 10, 11 and 47.. The OFC is considered anatomically synonymous with the ventromedial ...

### **Rapid energy-efficient manufacturing of polymers and ...**

9/5/2018 · Thermoset polymers and composite materials are integral to today’s aerospace, automotive, marine and energy industries and will be vital to the next generation of lightweight, energy-efficient ...

### **Reading the Freudian theory of sexual drives from a ...**

18/3/2014 · According to Freud, the concept of sexual drive is a defining element of psychoanalysis. However, in a footnote added in 1924 to his “Three Essays on the Theory of Sexuality” (Freud, 1905), he wrote: “The theory of the instincts is the most important but at the same time the least complete portion of psychoanalytic theory”. The theory of sexuality ...

### **Suicide and suicidal behaviour**

19/3/2016 · Definitions and assessment. Clear discussion, accurate research, and efficient treatment require accepted definitions of SBs. The difficulty of establishing intent of self-harming behaviours has hindered efforts to streamline the historically heterogeneous suicide nomenclature, but recent efforts, such as those resulting in the Columbia Classification ...

### **Anxiety and attention to threat: Cognitive mechanisms and ...**

1/12/2016 · Clinical anxiety is a common debilitating problem which is difficult to treat. Over a quarter of the population suffers from an anxiety disorder during their lifetime (Kessler et al., 2005). While medication and cognitive behaviour therapy (CBT) are effective for anxiety disorders (Bandelow et al., 2015, Olatunji et al., 2010), these treatments have limitations, such as drug ...
