FA20E and FA20F Subaru Engines

The FA20E and FA20F engines have a cast aluminium alloy cylinder head with chain-driven double overhead camshafts per cylinder bank. The four valves per cylinder – two intake and two exhaust – were actuated by roller rocker arms which had built-in needle bearings that reduced the friction that occurred between the camshafts and the roller rocker arms.

Popular ebook that you needed is Honda Gx200 Engine Repair Manual. I am you will very needed this You can download it to your laptop With a simple way.
